## REVIEWS FROM THE WILD WESTIES

“ Our days and evenings were full of adventure, fun, learning, excitement, marvels and wonders! Our guides and bus drivers provided amazing in depth information about Ireland ancient and new! I cannot stop telling people about our delightful hosts at the B&B including Eppy the donkey. This is a trip not to be missed. ”

“ Our tour unfolded into a wonderful, magical time. We were treated to so much beauty, including castles and cliffs, hills and holy wells, waterfalls and mist, churches and graveyards, sheep and sheepdogs, caves and shipwrecks. We were introduced to the Burren and its beautifully rocky landscape, listening to history and legends of Ireland, as well as its Celtic spirit and spirituality. Sharing with my children our Irish heritage was a wonderful and powerful experience. ”
